

UNDERGRADUATE ADVANCED CERTIFICATE IN WOMEN'S MINISTRY

PURPOSE

The purpose of the Advanced Women's Ministry Certificate is to provide additional training for leaders of women's work in the local church who have completed the Basic Women's Ministry Certificate. Courses will offer interaction with other women's ministry leaders as well as supplemental instruction and church-based projects.

An additional 8 hours of academic credit are required after completion of the Basic Women's Ministry Certificate. No specific courses are required. Instead, each student is to take eight different classes which earn one hour of academic credit each. Students will not be allowed to repeat courses taken for credit in the Basic Certificate program.
