M.Div. Church Planting, International Track

This degree plan is offered by the Seminary in cooperation with the International Mission Board (IMB) of the Southern Baptist Convention. The degree is specifically designed for those who are preparing for long-term service with the IMB as career missionaries as well as those who feel called to serve short term for two years as an international church planter through the International Service Corps (ISC) of the IMB. The first 69 semester hours of the degree are completed on the New Orleans campus or one of the graduate extension centers. The remaining 20 hours are completed on the international mission field after a candidate has been appointed by the IMB.

Entrance Requirements

1. The entrance requirements are the same as those established for enrollment in the basic Master of Divinity degree for New Orleans Baptist Theological Seminary.
2. The application process with the IMB usually begins at least a year before possible appointment. Normally a student will begin Seminary studies before applying for service with the IMB. The student should understand that enrollment in the degree plan at NOBTS and the applicant's acceptance for service by the IMB are separate issues. In other words, enrollment in the degree plan does not guarantee acceptance by the IMB for ISC, Apprenticeship, or Career service. Individuals or couples with divorce in their background are not eligible for this program according to IMB guidelines. However, such persons may be candidates to be appointed through the ISC of the IMB separate from this degree plan.

Choices for Completing the Degree Plan

There are two ways a person can serve with the IMB while completing this degree. Course work will be coordinated with the professor working with students in this degree plan.

1. The two-year track would be through appointment for a two-year term of service with the International Service Corps of the IMB. The course work of 20 hours would be completed on the field usually during the fall and spring semester schedule for NOBTS during four semesters over the two-year period. Course work would be approximately 4-6 hours each semester.
2. The three-year track would be through appointment as a Missionary Apprentice. The course work would include 2 semester hours of language study during the first year on the field. The remaining 18 hours would be completed on the field normally during the fall and spring semesters in the second and third years. This would usually involve 4-5 hours of course work each semester.

Those interested in the degree plan may contact the Registrar's Office of NOBTS or the office of Dr. Philip Pinckard. Phone: 504.282.4455, Extension 3224. E-mail address: ppinckard@nobts.edu.

Master of Divinity with Specialization in Church Planting, North American Track (Continued)

Entrance Requirements

1. The entrance requirements are the same as those established for enrollment in the basic Master of Divinity degree at New Orleans Baptist Theological Seminary.
2. After the first year of studies, the student will complete an assessment to determine the student's potential suitability for church planting. At this time the student will either be redirected to another field of study or continue in the program.
3. Students interested in this specialization should contact the Director of the Cecil B. Day Center for Church Planting to assess their suitability for SBC church planting appointment.

Educational Methods

The students will be exposed to a variety of methods of learning: classroom, field, and independent study. The distinctive pedagogy of this program will be a significant component of supervised ministry. For the North American Track of 87-88 hours, students will take 76-77 hours on campus and up to 11 hours on the field as the church planting component. For the North American Track, off-campus work will consist of a church planting practicum and a research/reflection project.

Uniqueness

The characteristics of this degree will be beneficial to the student, the new church plant, and the Seminary:

1. In the North American Track partnerships will be developed with the Southern Baptist Convention's North American Mission Board. Many of the programs necessary to complete the degree are already in existence at NAMB.
2. The degree will have multiple educational components to better equip the students for the task facing them upon graduation. The students could participate in some combination of Nehemiah Church Planting short-term internships and serve as a two-year Nehemiah Church Planter. The model would allow for both clusters of students in a given region and/or allow students to serve under the mentorship of a church planter who has recently planted a church.
3. The degree is competency-based. The degree is designed with the end result in mind. With the components of assessment, course design, and supervised field work, the students are better positioned to develop the skills necessary to plant a new church.

Components

The degree will consist of multiple components designed to equip the student for church planting:

Assessment

There will be a two-phase assessment in the North American Track:

1. Initial Interview and Assessment, to be completed after the first year of study. The purpose is to determine the student's interest, gift-mix, abilities, temperament, and past experience which might affect effectiveness as a church planter. Areas of strength are noted and areas needing strengthening will be identified to the student.
2. Second Interview and Reassessment, to be completed at the end of the student's second year of study and after an internship has been completed. The purpose is to reassess the potential church planting compatibility and success in light of additional academic studies and observations of the student's field experience
3. Assessment will be channeled through the NAMB initial screening process to insure that candidates have the potential for career appointment.

Internship North American Track

The purpose of this component is to give students a short-term (10-13 weeks) experience as a key participant in a new or recent church plant. This experience will allow students to evaluate their personal interests, skills, and possible calling into church planting.

Ethnography/Ministry Project

The purpose of this component is to give students an in-depth experience in research and understanding the context of a new church planting and to verify if the model and methods of the new plant fit the socio-cultural realities on the ground. A qualified person, such as the sponsoring church pastor, minister of missions, or director of missions, etc., would serve as the field supervisor. After the research and input is received from the field personnel, the student may be afforded the opportunity to plant a new church under the mentorship of a qualified person. The mentor will guide the student in all of the pre-public phases of the church plant.

Students are urged to complete those courses as early as possible in the degree program to provide foundation for other courses and to avoid schedule conflicts as graduation time approaches.
2. If the student chooses a Christian education concentration, he or she must notify the Academic Advisor's Office in writing of the choice prior to the beginning of the second year of study. The Declaration of Major form is provided by the Academic Advisor's Office.
3. A Master of Arts in Christian Education student who does not declare a concentration area will be considered a "generalist" and must complete 12 hours in Christian Education courses to fulfill the concentration component of the degree.
4. Ph.D. eligibility: Master of Arts in Christian Education students who are contemplating Ph.D. should realize that additional requirements may apply for admissions to the Ph.D. in Christian Education programs.

The grade point average (GPA) and the Graduate Record Examination (GRE) quantitative, verbal and analytical writing scores will be considered on the following five-point sliding scale. For the application to be accepted, the individual must have a combined score of “-3” or higher on the four components.*** Scores can be no older than 5 years. The institutional code for New Orleans Baptist Theological Seminary is 6472.

	-2	-1	0	+1	+2

Admission Requirements

Minimum standards for entrance into the M.A. in Marriage and Family Counseling include the following:

Degree Prerequisites

The applicant must have the Bachelor of Arts degree or its equivalent from a college or university accredited by an agency related to CHEA.

Major Area of Study

Either during or following the completion of the B.A. degree (or its equivalent), 18 semester hours of undergraduate or graduate study in the social sciences is required, with a minimum GPA as described below. (Students who have not completed this course work prior to the application deadline may enter the M.Div. Counseling Program, assuming other related requirements are met, and take the necessary course work to comply with this requirement. However, the completion of this course work does not guarantee that a student will be admitted to the MAMFC degree program.

Scholarship and Graduate Record Examination

The applicant must have a minimum undergraduate or graduate GPA of 2.75 on a 4.0 scale or its equivalent (the graduate GPA is based on a minimum of 30 graduate semester hours) and GRE scores as outlined above (GRE scores must be less than 5 years old).

Conditional Acceptance to the MAMFC

If the combined score of the 4 components is lower than “-3” after the second attempt on the GRE, a student may be accepted “Conditionally” to continue in the application process for the program. Upon successful completion of the psychometric tests and the Departmental Interview, and upon recommendation of the Department, the student may proceed in the MAMFC degree program as a Candidate. To remain in the MAMFC degree program, the student must maintain a 3.0 GPA (overall). If the overall GPA drops below a 3.0, the student will be transferred to one of the MDiv specializations in Counseling (licensure track or non-licensure track). Students who wish to be admitted to NOBTS and have not yet taken the GRE should apply to NOBTS under the M.Div in Counseling (Licensure Track) degree program. After completing the GRE and meeting all requirements, the student may transfer to the MAMFC program.

Departmental Entrance Interview

The final step in the application process is the departmental interview. A satisfactory interview with the Admissions Committee from the Department of Psychology and Counseling is required for admission. Interviews are scheduled only after all application requirements are submitted. Once a completed application has been received by the Seminary and forwarded to the Psychology Department, an interview will be scheduled with one of the department faculty members. This interview may be waived at the discretion of the committee for students who have been enrolled in other NOBTS graduate counseling curriculums for at least one year.

Application Process

- Request an application for admission from the Registrar’s Office and return completed form and all requested references to that office.
- Request that all transcripts of college, university, and Seminary work be forwarded to the Registrar’s Office, if those have not been filed there previously.
- Forward your GRE scores to the Registrar’s Office.
- When the requirement of at least a -3 points on the point system chart is met for the GRE and GPA, the applicant will be invited to schedule and complete all required psychometric tests with the Testing and Counseling office. Psychometric tests are valid for six months. Departmental interview must take place within six months of MAMFC testing.
- After the completion of the prior 4 steps, call the Psychology and Counseling Department and request that the completed application be reviewed and an interview scheduled. After the Admission Committee has reviewed the materials, the Psychology Department will contact the student to schedule an interview. Materials must be received in a timely manner to allow for review and scheduling of the interview.
- Pass the entrance interview conducted by the Admissions Committee of the Department of Psychology and Counseling. The interview must be completed prior to the approval deadline.
- **The deadlines for completion of the application process for both Spring and Fall semester registration are as follows (admission to the MAMFC is available only at the beginning of each semester):**
 - **Fall Semester Entrance: Approval Deadline is August 1****
 - **Spring Semester Entrance: Approval Deadline is December 15****

***These deadlines apply to new and existing students requesting a degree change.

Master of Arts in Missiology (Continued)

Admission Requirements

Admission to the Master of Arts in Missiology requires the following.

- Applicants must fulfill all the normal admission requirements for NOBTS, including the admission form, transcript, church endorsement, statement of call, medical clearance, TOEFL for international students, etc.
- Applicants must have earned a baccalaureate degree, normally with at least a 3.0 grade point average (GPA) on a 4.0 scale, from an institution accredited by a regional accreditation agency recognized by the Council of Higher Education Accreditation or holding membership in the Association of Universities and Colleges in Canada, or the education equivalent.
- Applicants may apply for acceptance to pursue the Master of Arts in Missiology upon approval for admission to the Seminary. The application forms will be available through the Registrar's Office.
- Applicants must submit a research paper on a topic in an area of missiological studies for consideration by the missions admissions committee and/or the Pastoral Ministries Division.
- In some cases the missions admissions committee and/or the Pastoral Ministries Division may require a personal interview with the applicant.
- Applicants must submit to the Seminary a sense of call to ministry that includes cross-cultural sharing of the gospel in some type of missions setting in a three- to five-page typed essay.
- Each applicant should demonstrate in a written form that he or she has completed a minimum of two years in missionary service or has plans to complete a minimum of a two-year cross-cultural missions assignment. This may come through verification of a mission-sending agency or a written explanation of present or future ministry goals that include cross-cultural evangelism and missions ministry verified by an outside source such as a missions agency or local church.
- The missions admissions committee and the Pastoral Ministries Division, in consultation with the Registrar, will evaluate the transcript of the applicant. Students should evidence the interests, aptitudes, and personal qualities necessary for the particular application of this degree. Students with strong undergraduate preparation in a discipline may be eligible for advance standing and may therefore take advanced electives in that discipline rather than introductory courses in that discipline. After review of the transcript, research paper, and cross-cultural ministry essay, the missions admissions committee and Pastoral Ministries Division will weigh these factors and approve those accepted for this degree plan. Applicants accepted into the degree plan will be assigned a faculty advisor to design a plan of study tailored to the needs of the students and guide them in their course of study. The student will be expected to cooperate with the advisor to complete degree requirements.
- Applicants will have two years to complete the admissions process. Failure to complete the process within two years will necessitate going through the admissions process again.

Academic Requirements

The 53-hour course requirements of the Master of Arts in Missiology are intended to introduce students to a broad range of missiological and theological disciplines necessary for further studies in missiological research or interdisciplinary studies related to missiology. A thesis, project, practicum, or specialized approved courses are required. Students in the M.A. in Missiology must maintain at least a B average in the program. Those who do not maintain a 3.0 GPA will go on probation status after the first semester and will be dismissed after the second consecutive semester below a 3.0 average.

Enrollment in Degree Plan and Graduation

It is preferred that an individual be accepted into this degree plan at least one semester before anticipated graduation when transferring from another degree plan at NOBTS. This will help provide guidance to a student in suitable course selections for the conclusion of the degree plan.

Thesis, Project, Practicum, or Specialized Courses

One of the following options must be approved and completed to meet this requirement of the degree plan.

- An acceptable research thesis of 75-100 pages must be written on a topic approved by the missions professors in the Pastoral Ministries Division. The thesis should follow the guidelines of the latest edition of *A Manual for Writers of Term Papers, Theses, and Dissertations* by Kate L. Turabian. The missions admissions committee will appoint a Thesis Advisor to approve the thesis proposal (in consultation with the division) and provide guidance to the student in writing the thesis. One other reader will join the Thesis Advisor in evaluating the thesis.
- An acceptable project report of 75-100 pages must be written on a topic approved by the missions professors in Pastoral Ministries Division. The project proposal should follow the guidelines of the latest edition of *A Manual for Writers of Term Papers, Theses, and Dissertations* by Kate L. Turabian. The missions admissions committee will appoint an Advisor to approve the project proposal (in consultation with the division) and provide guidance to the student in writing the project report. One other reader will join the Advisor in evaluating the project.
- Those who are accepted to participate in a practicum will do specialized academic work on the mission field under the direction of a qualified field supervisor and a faculty advisor. The church planting practicum represents an option for those primarily engaged in cross-cultural church planting. The missions practicum would be an option for those engaged in missions service who have primary job responsibilities in an area other than church planting. They would also be expected to be involved in church planting efforts during the missions practicum.
- A candidate with the faculty advisor's approval may in some cases substitute specialized courses in lieu of a thesis, project, or practicum.

Ph.D. Eligibility

Students who complete the degree requirements of the M.A. in Missiology must also meet all of the application requirements for a Ph.D. at NOBTS with a major in missions. Prior to application, applicants must have completed a minimum of 8 semester hours of master's-level Greek and 8 semester hours of master's-level Hebrew (for NOBTS students these courses would include NTGK6300 Intermediate Greek Grammar and OTHB6300 Intermediate Biblical Hebrew); and 9 semester hours of German, French, or Latin. Details are given in the NOBTS Graduate Catalog under Admission Requirements for the Doctor of Philosophy degree.

Inactive Status

Missionaries serving with a mission-sending agency such as the IMB of the SBC may apply for an inactive status for the degree plan by notifying the Registrar's Office in writing if they do not want to take courses for the degree plan while on the mission field.

Master of Arts (Biblical Studies)

(Continued)

Admission Requirements and Process

Admission to the Master of Arts (Biblical Studies) requires the following:

1. Applicants must fulfill all the normal admission requirements for NOBTS, including the admission form, transcript, church endorsement, statement of call, medical clearance, TOEFL for international students, etc.
2. Applicants must have earned a baccalaureate degree, normally with at least a 3.0 grade point average (GPA) on a 4.0 scale, from an institution accredited by a regional accreditation agency recognized by the Council for Higher Education Accreditation or holding membership in the Association of Universities and Colleges in Canada, or the educational equivalent.
3. Applicants must have completed a total of at least 24 transcript credit hours with a grade of "B" or above in biblical studies, theology, historical studies, philosophy, and ethics.
4. Applicants must submit a research paper on a topic in some area of theological studies for consideration by the Division of Biblical Studies. In some cases the division may require a personal interview with the applicant.
5. The Division of Biblical Studies, in consultation with the Registrar, will evaluate the transcript of the applicant. Students should evidence the interests, aptitudes, and personal qualities necessary for the particular application of this degree. Students with weak undergraduate preparation in a discipline may be required to take introductory courses or, in some cases, remedial work to insure minimum competency in that discipline. Students with strong undergraduate preparation in a discipline may be eligible for advanced standing and may therefore take advanced electives in that discipline rather than the introductory courses in that discipline. After the transcript evaluation and the approval of the Division of Biblical Studies, a faculty advisor will be assigned who will assist in the design of a plan of study tailored to meet the needs of the student.

Prerequisite Studies

Prerequisite to entry into Intermediate Greek and Hebrew courses are elementary Greek and Hebrew, and Biblical Hermeneutics at the collegiate level; thus, the student with such prerequisites would be able to go directly into advanced Greek and Hebrew exegesis courses. Applicants who cannot earn credit in elementary and intermediate Greek and Hebrew through the Baptist College Partnership Program must earn these credits prior to entry into the M.A. (Biblical Studies) program. Students who complete the M.A. (Biblical Studies) program will have earned the 10 hours each in Greek and Hebrew required for application to the Ph.D. program in the area of Old Testament or New Testament.

Academic Requirements

The 53-56 hour course requirement of the Master of Arts (Biblical Studies) degree (as delineated above) is intended to introduce students to a broad range of theological disciplines necessary for further studies in biblical studies. A thesis is required. Students in the M.A. (Biblical Studies) must maintain at least a B average in the program. Those who do not maintain a 3.0 GPA will go on probation status after the first semester and will be dismissed after the second consecutive semester below a 3.0 average.

Thesis Guidelines

An acceptable research thesis of 75-100 pages in Turabian style must be done in the student's area of concentration.

1. Upon the student's completion of 30 semester hours of the degree program, the division chairperson will appoint a Thesis Advisor, who will assist the student in development of a Thesis Proposal.
2. The student shall present the Thesis Proposal for approval to the Thesis Advisor no later than one semester after the completion of all course work in the degree program.
3. The Thesis Advisor will approve the Thesis Proposal in consultation with the Division of Biblical Studies and provide guidance to the student during the writing of the thesis.
4. The thesis shall be submitted not later than March 1 for May graduation or October 1 for December graduation. Corrections shall be completed no later than May 1 and December 1 respectively.
5. An additional reader will be appointed to assist the Thesis Advisor in evaluating the thesis.

Ph.D. Eligibility

Students who complete all the degree requirements of the M.A. (Biblical Studies) are eligible to apply to the Ph.D. at NOBTS in the majors of Old Testament or New Testament. Students who choose to major in other disciplines may be required to take other prerequisite courses as required in those majors.
