Cell: 305-915-3044

The mission of Leavell College of New Orleans Baptist Theological Seminary is to equip leaders to fulfill the Great Commission and the Great Commandments through the local church and its ministries.

Core Value:
Each academic year, a core value is emphasized. This academic year, the core value is **Doctrinal Integrity**—“Knowing that the Bible is the Word of God, we believe it, teach it, proclaim it, and submit to it.” Our confessional commitments are outlined in the Articles of Religious Belief and the Baptist Faith and Message 2000.

Course Description
The purpose of this course is to provide an introduction to the theoretical base and practical application of health psychology in multiple counseling and ministry settings. Theories of health psychology will be examined, and application will be made in a contemporary context.

General Education Competencies (GECs)
Leavell College has identified three program Student Learning Outcomes:
   1. Critical Thinking
   2. Oral Communication
   3. Written Communication
   4. Quantitative Reasoning
This course addresses GEC #2 and #3.

Bachelor of Arts in Christian Ministry Program Student Learning Outcomes (BACM PSLOs) AND Bachelor of Arts in Music with an Emphasis in Worship Program Student Learning Outcomes (BAM PSLOs)
Leavell College has identified three program Student Learning Outcomes:
1. Biblical Interpretation (BACM PSLO #1)
2. Worship Leadership (BAM PSLO #1)
3. Service and Leadership (both BACM PSLO #2 and BAM PSLO #2)
4. Historical and Theological Interpretation (both BACM PSLO #3 and BAM PSLO #3)

This course addresses BACM PSLO #2.
Course Student Learning Outcomes
At the conclusion of the semester, the student will be able to:
1) Introduce health psychology and some of its key concerns, while identifying current issues and trends.
2) Discuss the nature of stress and explain its relationship to illness.
3) Describe our reactions to illness and identify the factors which influence our decisions to seek treatment.
4) Present effective health maintenance strategies.

Course Texts

Course Requirements and Grading
1. As per the Leavell College Catalog, school policies regarding absences and tardies will be strictly enforced. Any student missing more than nine hours will automatically receive a grade of “F” for the course. Every three occasions of arriving late for class or leaving early from class will be counted as one hour of absence. Roll will be taken at the beginning of each class period and after each break. The student is responsible for contacting the teacher if he/she is tardy and the roll has already been taken. The student is responsible for all material, including that which was covered during an absence. The student is responsible to get copies of notes and handouts. Emailed assignments will not be accepted without prior permission from the instructor. All late assignments will be penalized five points for the first day and one point per day thereafter, with no assignments being accepted more than two weeks past the due date.

2. Exams will consist of multiple choice, true/false, short answer, and discussion questions. Students should not assume that the study guide, if one is given, is comprehensive to what will be on the exam. If an emergency prevents a student from taking a scheduled exam, it is that student’s responsibility to reschedule with the instructor. If a student misses an exam and does not get preapproval from the instructor and/or cannot provide documentation (doctor’s note, police report, death of loved one) they will not be allowed to make up the exam. The exam must be made up within one week of the missed exam. After one week, the student will earn a grade of 0 for the assignment. This assignment relates to BACM PSLO #2 and CSLOs #1 and #3.

3. Students will be required to complete a family health history that will allow you to analyze your own lifestyle choices that may contribute to health problems. You will interview family members, record your experiences of stress, and assess the degree to which you engage in health-enhancing or health-compromising behaviors as you reflect on your own history. A guide will be given in class and posted on Blackboard that students should follow. This assignment relates to GEC #3; BACM PSLO #2; and CSLO #3.

4. Students will also be required to interview a person who has successfully changed lifestyle behaviors to healthy habits in one area, such as diet, exercise, stress management, elimination of unhealthy habits, disease prevention, disease management, drugs, alcohol, etc. The purpose of this assignment is to learn about what is involved in changing a lifestyle behavior including difficulties, obstacles, and set backs, along with how he or she was able to successfully make changes. Students will provide a brief summary of their project for their classmates. This assignment relates to BACM PSLO #2, and CSLOs #1 and #3.
5. Each student will set personal health related goals. Students will hold one another accountable for effort and progress made toward goal attainment. Each week, students will post an update of their progress in Blackboard. At the end of the semester, students must submit a final report that summarizes their work and progress throughout the semester and suggestions for future goals and planning.

This assignment relates to GEC #2; BACM PSLO #2, and CSLOs #1, #2, #3, and #4.

6. The following grading scale as outlined in the Leavell College catalog will be utilized:

   A = 93-100; B = 85-92; C = 77-84; D = 70-76; F = 69 and below

7. The final breakdown for the course will be tabulated according to the following percentage breakdown:

   Personal Health History 15%
   Interview Project 20%
   Goals & Accountability 15%
   Exam 1 (Thursday, February 21) 15%
   Exam 2 (Thursday, April 4) 15%
   Final Exam (May 16) 20%

   Total 100%

### Additional Course Information

**Attendence**

Class attendance is essential for effective learning.

**Netiquette:** Appropriate Online Behavior. Each student is expected to demonstrate appropriate Christian behavior when working online on Discussion Boards or whenever interaction occurs through web, digital, or other electronic medium.
The student is expected to interact with other students in a fashion that will promote learning and respect for the opinions of others in the course. A spirit of Christian charity is expected at all times in the online environment.

**Academic Integrity:** Each student is responsible for the academic integrity of his/her work. The following are violations of academic integrity: plagiarism, turning in work done by someone else, submitting a paper which has been submitted for another course, and cheating on a quiz or exam. These and other violations of academic integrity may result in a failure of the course.
