

Church Affirmation for Global Mission Center Mission Trip

We believe it is vital for students to remain meaningfully connected to their local church as they engage in global mission efforts, and we are grateful for the partnership between local churches, New Orleans Baptist Theological Seminary, and the Global Mission Center in preparing and sending students. Thank you for taking time to meet with the student and in helping send them well.

- Dr. Greg Mathias, Director of the Global Mission Center at NOBTS

Our church affirms and supports _____ as they seek to serve on a mission trip through the Global Mission Center at New Orleans Baptist Theological Seminary. We have engaged in a meaningful conversation with this student regarding this opportunity, including their current walk with the Lord, motivation for participating in the trip, and their desire to grow in faith and obedience through this trip. As a church, we gladly affirm their participation as an extension of their discipleship and ministry involvement.

We also commit to “holding the ropes” for this student through intentional prayer and encouragement before, during, and after the mission trip. We joyfully offer our full support and blessing as this student represents Christ and fulfills His mission from the parishes to all peoples.
